October 5, 2018

Conferences are October, 11th, 16th, and 17th. If you have not already signed up for conferences click the link below and find one open slot.

<https://www.signupgenius.com/go/70a0c4daaa72ca3f94-fifth>

If you cannot access the link or are having difficulty please email karen.adams@mpls.k12.mn.us

Students are lacking in pencils. Please check their pencil pouches and make sure they have a few each day!

Social Studies
October 5, 2018

It has been a super week!

Second Spelling
Second Chapter Test on Chapter 1.

We will continue taking the chapter one test on Monday, and begin chapter two.

Please review the **planner** with your students weekly. Feel free to discuss topics we are studying in social studies, and what they are learning. By you signing the planner weekly, it shows us that you are discussing social events or upcoming projects with your child. Period 2 was the highest this week with 81%. Great job, period 2!

****If your child is signed up for **Greek Explore** during 5th hour, please have them bring a small 3-ring binder. 1 1/2- 2" is perfect! This replaces any notebook or folder that they may use, and provides them with a portfolio at the end of the semester. We still have a couple of students who do not have one yet.

Here's to a great week!
-Ms.Doyle and Ms.Murphy

Language Arts

10/5/18

This week in ELA we are comparing and contrasting what a tall tale is and what a fable is. The children read How the Coyote Stole Fire and it has created a lot of debate as to what the moral of the story is. Please ask your child about it! We will continue with fables, myths, and fairy tales next week.

We also started to check out books and will be going to the media center every other Thursday.

Conferences are coming up. If you haven't signed up yet, please do so. I am also asking that students attend conferences whenever possible. I think it is important to hear their voice!

Have a wonderful weekend-
Mrs.A

Science

10/05/18

Happy October!

We had a busy first week of the month. Students finished their group work on neural pathways. Each small group then had the opportunity to orally explain what they had learned. We ended the week exploring memory. Next Tuesday students will take a written assessment. We will spend some time preparing on Monday and will take the assessment on Tuesday. Students can spend some time reviewing their notes this weekend to get ahead of the game and prepare for the assessment.

Enjoy,
Ms. Greger

Mathematics

10/5/18

This week we explored fractional number lines. Students will dive into adding and subtracting fractions next week. Then on October 16th will be take the final unit test for Rational Numbers. After MEA we will jump into unit 3, Geometry.

Reminder: Homework is Monday-Thursday and due the following day. Daily homework is posted on the calendar on my website.

Have a great weekend!
